All Proceeds will be used to provide motivated students at Winter Park Tech with financial support to purchase books, equipment and/or pay a portion of the tuition, etc. Typically, the Foundation is the critical 'bridge' by providing the amount of funding needed for students to allow them to complete their course studies. Without the Foundation's funds, the students we help would not be able to complete their course work.

Your Sponsorship and/or Donation is greatly appreciated and is tax deductible to the extent provided by applicable laws.
